

Prince's Trust

When you team-up with Stoke on Trent College on the Prince's Trust Team we promise that we will keep you busy for twelve weeks. Here's what happens week by week.

Week 1 – Induction

Meet the rest of your team and enjoy taster days that will prepare you for the rest of the programme.

Week 2 – Teambuilding Residential

Really get to know and trust your team-mates as we send you away for a week in the wild. It will give you a chance to really break free from your current situation. You could go rock climbing, caving, learn how to canoe, build a raft and a whole lot more.

Weeks 3 and 4 – Planning, Resourcing and Fundraising

You will spend these weeks planning and fundraising the money, resources, materials and equipment needed to complete your community project.

Weeks 5 and 6 – Community Project

As a Team you'll decide on a project that will make a real difference to your local community and learn some handy new skills.

Weeks 7 and 8 – Work Placements

In these weeks you get a real feel for the workplace in a work placement chosen by you.

Week 9 – Plan for the future

By this time you will be having so much fun that you won't want it to end but in this week you will make plans for when you complete the programme. You'll get help to write a fantastic CV, practice your interview skills, make applications and consider your career options.

Weeks 10 and 11 – Meet the Challenge

You and your Team will take on a challenge to help others in the community. This is when you get to test out all the skills you'll have worked on so far.

Week 12 – Have your say –Final Presentation

Now it's time to share with others as you give a final presentation of your experiences to an invited audience of friends and family. This is your chance to show off the talents you've discovered. This may sound scary but after 12 weeks on Team you'll be surprised at how far you've come.
