

## Apprenticeship Standard (3) Installation Electrician/Maintenance Electrician

### What is this Apprenticeship about?

This Apprenticeship will help to upskill existing staff or we can help you recruit new apprentices who wish to pursue this career.

Electrical Apprentices will develop the skills to use engineering knowledge & understanding to apply technical & practical skills. They will contribute to the construction, commissioning, operation or maintenance of products, equipment, processes, systems or services.

Our tailored training will precisely match your needs, resulting in a well-trained, capable workforce. Delivery will be a mix of day release using our state of the art facilities & in your workplace, providing a cost effective method of training. An industry specialist Assessor will support you & your Apprentice during the process.

### How is this Apprenticeship delivered?

On and off the job training in the workplace, with weekly day release to Stoke on Trent College

### What else do I need to know?

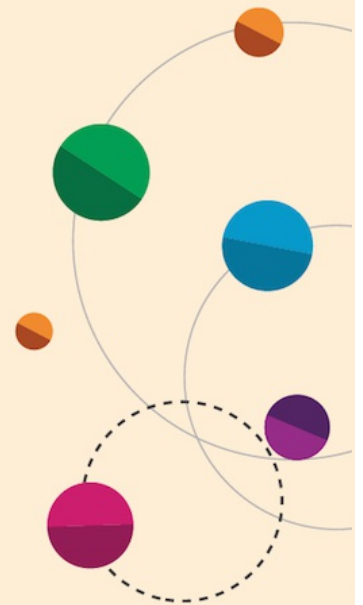

Main intake is September, with options for mid year starts – January / April subject to numbers
