

L2 Apprenticeship IT, Software, Web & Telecoms Professional

What is this Apprenticeship about?

This Apprenticeship will help to upskill existing staff working within the sector or we can help you recruit apprentices wishing to pursue this career.

Apprentices will gain a range of skills using the latest technologies. Developing these skills allows you to upgrade systems, troubleshoot problems, monitor, edit & upload website material & resolve customer queries.

Our tailored training will precisely match your needs, resulting in a well-trained, capable workforce. Delivery will be a mix of block release using our state of the art facilities & in your workplace, providing a cost effective method of training & upskilling your staff. An industry specialist Assessor will support you & your Apprentice throughout the process.

How is this Apprenticeship delivered?

On and off the job training within the workplace, you will also have the opportunity to use the comprehensive and up to date facilities here at Stoke on Trent College.

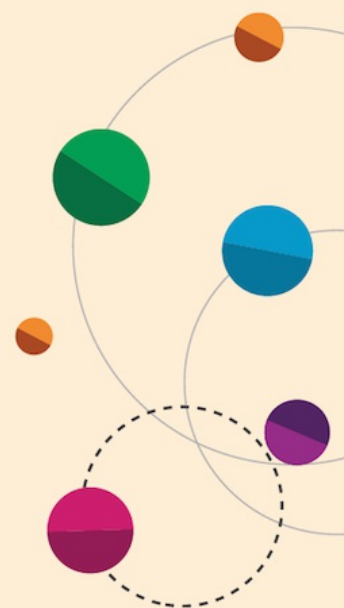

What else do I need to know?

Regular intakes throughout the year, monthly.
